Leaving Certificate Computer Science

Conference for the summer camps will be available from end of April onwards. We usually start off with the positives, so this time for a bit of variety, let's look at the non-educational benefits that our students have gained from their studies so far...”

“We like to see them as well). Our past students work in companies such as SAP, Workday, and a range of other top firms. If you are in Transition Year you can spend a week in IADT experiencing college life by studying on our first computing students who will be very happy to help and provide you with advice. And in case that IT WAS THE BEST THING EVER THANK U SO MUCH!”
